

Altorfer Power Systems is your **FULL SERVICE TRUCK CENTER**

ALTORFER
Power Systems

WHEN IT COMES TO ON-HIGHWAY TRUCKS, YOU CAN TRUST US WITH ALL YOUR SERVICE NEEDS.

WE'VE TEAMED UP WITH HDA TRUCK PRIDE®

Now that Caterpillar has brought a complete vocational truck to market, Altorfer is also raising its game to provide bumper-to-bumper complete truck service for our customers. The HDA Parts Network is a heavy-duty truck parts marketing group that will assist us in acquiring the necessary product lines and training needed to support the entire truck chassis on all makes of trucks.

**WHEREVER THE ROAD
TAKES YOU ... HDA TRUCK
PRIDE IS THERE.**

Altorfer Inc. and HD America, Inc.® share the same goals to provide the best programs, services and pricing to benefit our mutual customers. As a result of this membership, Altorfer recently acquired a complete line of clutch products, fan drive components and became a Bendix CVS distributor. We also have a full line of Delco Remy starting system parts and Goodyear® products including hose, vee-belts and serpentine belts.

Here is a partial list of the great products we can offer. If you don't see a product listed that you need, please ask us about it.
